*"I know that we haven't cured pediatric cancer yet. I'm pretty sure we're not going to cure it this year. I doubt we'll even cure it while I'm alive. But because I know you all and because I've seen your hard work and generosity, I know that one day these parties will just be a celebration of the end of a disease that has plagued so many families throughout our country for so long."*

**- James A. Ragan, May, 2013**

When James was first diagnosed with cancer, there was so much we didn't know or understand. But it didn't take long for James to ask more questions, learn more about pediatric cancers, and realize there were so few treatment options for kids with cancer. At first, James thought there wasn't anything he could do about it because he didn't have a lot of experience, money, or scientists. James was focused on what he didn't have, not what he did have - all of YOU. With everyone pitching in to #DoThatOneThing!, TOKC has raised millions for innovative pediatric cancer research and continues to bring joy to the daily lives of kids with cancer and their families. But the need for life-saving pediatric cancer research remains great. While there is nothing like doing something to bring a smile to a child with cancer's face, it doesn't change that child's overall outcome. Research, however, brings kids with cancer and their families HOPE - hope for new treatments to give them a different outcome and the chance to living their life to the fullest and leave their mark on our communities.

So please join us in that tradition unlike any other - the 17th Annual James A. Ragan Triumph Scramble and Toga Party! We'll be back on the beautifully redesigned Corpus Christi Country Club golf course, having fun and working hard to, as James would say, "help save the next kid." No need to worry about the weather for this year's Toga Party, as we will be inside at the Ortiz Center, enjoying the beautiful view of the Corpus Christi Bay. And, as in years past, our incredible #DoThatOneThing! Council members will be volunteering at events throughout the weekend.

We look forward to seeing y'all there as we continue to work to bring hope and joy to kids with cancer and their families, so that together we can Triumph Over Kid Cancer!
